COMPANY PROFILE

CONTROL WEL SWITCHGEARS

INTRODUCTION

- We introduce ourselves as a manufacturer of Electrical Panels designed to satisfy the demands of today's Industries. Our panels utilize less floor space, enough flexibility customized to suit the varying requirements of our customers. Our products are as follows:-
- Power Control Panels for operation & control of machinery.
- Distribution Boards for internal/external electrification.
- Capacitor Control Panel (Power factor correction).
- Auto Mains Failure (AMF) Panel.
- Bus Trunking Systems
- AC Drives & PLC Panels

Cont.....

INTRODUCTION

- We also undertake turnkey contracts for the supply & installation of above mentioned equipments. Our service span covers all the above facilities right from the design stage to installation and commissioning.
- We have on staff, qualified & competent engineers, having years of experience in the field of system design, system engineering, value engineering & field experience of installation, commissioning & testing of above mentioned equipments to meet the stringent specifications of our customers.
- This hybrid of engineering background & field gives our engineers an edge over other competitors in formulating technical proposals which are technically viable & cost effective.
- Our workshops, equipped with latest machines & instruments, uses the State of Art manufacturing techniques.
